Small positive growth may not be ruled out in FY21: Rangarajan

PRESS TRUST OF INDIA New Delhi, September 6

A SMALL POSITIVE economic growth in 2020-21 may not be ruled out as sectors like agriculture and essential goods and services were fully operational in the first quarter despite coronavirus-induced lockdown, according to a paper co-authored by former RBI governor C Rangarajan.

Rangarajan and India EY India chief policy advisor DK Srivastava in a paper titled 'India's Growth Prospects and Policy Options: Emerging from the Pandemic's Shadow' stated that the story of the Indian economy as it unfolds under the impact of COVID-19 is disquieting.

The paper noted that although many national and international agencies have projected a sharp contraction in the GDP in 2020-21, ranging from World Bank's projection of 3.2% to SBI's 6.8%, there are reasons to believe that the outcome may be better than these strong contractionary prospects.

"We may note that some key sectors like agriculture and related sectors, public administration, defence services and other services may perform normally or better than normal given the demand for health services," the paper said. Further, the paper pointed out that goods and services categorised as essential goods and services in other sectors, technically called 'permitted goods and services', together with agriculture and public administration, defence and other services, may have a weight in the range of 40-50% of total output.

"These were fully operational even in the first quarter of 2020-21. Thus, nearly half of the economy may perform normally or better than normal over the full 2020-21," it said. India's economy has suffered its worst slump on record in April-June quarter of 2020-21, with the gross domestic product (GDP) contracting by 23.9% as the coronavirus-related lockdowns weighed on the already-declining consumer demand and investment.

Delhi's peak power demand up by 50% since lockdown easing

THE PEAK POWER demand of Delhi has increased by over 50% with resumption of normal activities following the easing of lockdown restrictions, discom officials said. PTI
